**APPLICATION FOR ACCOMMODATION : 2022**

Thank you for your application for accommodation in 2022.

This letter serves as an acknowledgement of receipt of your accommodation application.

All applications are subject to the University's rules, regulations, policies and practices, including the University's Policy on Admission and Selection.

We will send you an email to confirm your application status.

Please note:

- Admission to the University does not guarantee admission to the residences. (Depending on space availability.)
- You can only stay on the campus where you attend your studies.

Please cancel your residence application in writing via email (see contact details below), if you decide that you no longer require accommodation.
